

★ 1. The MTOW Story Format (Your Signature Layout)

Every Story you make should follow the same formula so your brand feels cohesive—even when the content changes.

MTOW Story Layout

- ✓ **Background:** warm white (#FAF9F6 or #FFFDF8)
- ✓ **Font 1:** bold sans serif (dark grey #2A2A2A)
- ✓ **Font 2:** gradient handwritten script (your MTOW gradient)
- ✓ **Composition:** top third text, center or bottom illustration/element
- ✓ **Spacing:** breathe—your brand isn't loud
- ✓ **Tone:** grounding, gentle, supportive

Think **cleaner than Canva quotes**, more like a mental reset screen.

★ 2. Your 5 Types of MTOW Stories

Rotate these so your Stories never feel repetitive:

1) Encouragement Stories (Highlight: Encouragement)

Purpose: Emotional reset

Format:

- “It’s okay to slow down.”
- “You don’t need to have the whole plan.”
- Short, grounding, soft visuals

2) Perspective Tools (Highlight: Tools)

Purpose: Give students simple coping or productivity strategies

Format:

- “Zoom out.” (your current one)
- “Try the 5-minute start.”
- “Break the problem into halves.”

3) College/Internship Help (Highlight: College)

Purpose: Value + guidance

Examples:

- “If you’re stuck choosing a major, try asking these 3 questions...”
- “Internship tip: Apply before you feel ready.”

4) Sliders + Polls (Highlight: Q&A or Stories)

Purpose: Engagement + algorithm boost

Examples:

- “How overwhelmed are you today?” (slider)
- “Which do you want help with next?” (poll)

5) Reposting Your Feed Post (Highlight: Stories)

Purpose: Visibility

Format (always 2 slides):

Slide 1 → condensed version of the post

Slide 2 → context (“Made this one for anyone feeling ____ today.”)

This flow makes your feed and Stories feel integrated.
